WHAT IS SMOKED MEATS?

Smoking meats is a lengthy process: Our smoked meats take anywhere from 4-20 hours to cook to perfection, depending on the product. Smoked meat will have a red/pink smoke ring: This is a visible pink tint on the inside layer of any meat product, including chicken. Do not be alarmed. All food is fully cooked to a safe temperature and prepared following strict guidelines by our PitMaster Joe Regiro.

We will do our best to cook enough food daily, however sometimes we may run out. We appreciate your understanding.
